-Spectator Notes-

Understand that the Post Office building has been sold...to Sany Novak of San Jose. The deal went through Laurence de Adlershelm's office.

Tom Cross, Jr. of Hatten Road can thank the State Highway Department for the new sign in front of his home saying CROSS ROAD.

Monterey's Wharf Theater is honored with a full-page write-up in the current issue of Theater Arts. They are particularly lauded for their training program for young actors.

We understand that Walt's Dairy Lunch is in the process of changing hands. Owner Walt Pilot found that he didn't have the time necessary to devote to the business.

Hear that Wilma Cook, Editress of the Pine Cone, is planning a trip to Alaska...Publisher Cliff Cook will stay home until she's back, then he himself off for a fishing trip in September.

The Sunset Room of the Highlands Inn is completed, and a wonder to behold. At an opening champagne party, the sun co-operated to the fullest, setting in a truly fabulous style, and a sliver of new moon took its place out over the Ocean. The Inn has spotlighted a bit of craggy rock and surf directly below it... a happy idea.

Tuesday night was a sort of reunion night at the Mission Ranch. Glen Hurlburt, the new entertainer at the ranch, Bill Brown, manager of the Mission Inn's Estrada Room, and Dudley Nix, manager of the ranch, all played together with Tom Cookley's band at the Palace Hotel in S.F. in 1933. Bill played trumpet, Glen played piano, and Dudley was the band vocalist and also wrote songs.

On opening night, Glen asked Dudley when should he go into his regular act for the Mission Ranch crowd. Dudley smiled and replied, "Glen, you just lean back and let them entertain you."

Welcome to Christine Elmira, new daughter of the Charles T. M. Warrens of Carmel Valley. Christine joined us on the 8th of July.

Wanda Leslie, former manager of the I. Magnin shop that once graced the Del Monte Hotel, has taken over the Wilma Campbell shop as manager for Ira Nagle, the San Franciscan who recently bought out the Carolyn Kelsey shops. Mrs. Leslie remained on the Peninsula after the Navy bought Del Monte, operating a real estate office.

Gilbert Neill, son of the Clayton Neills, has been attending the National Editorial Association Convention in Buffalo with his grandmother, Mrs. Louis Meyer. The confab included an extensive tour of the state of New York, sponsored by the state of N.Y. The Clayton Neills met Gilbert in Chicago, picked up a brand new Dodge truck in Detroit, and came back west that way.

The local Shriners have arranged for a school bus to take Carmel children to the matinee shows of the Shrine Circus coming August 1 and 2. The bus will leave the police station at 1 p.m. both days.

Village Week**GRIFFIN FULL TIME
DEPUTY CITY CLERK**

Thomas L. "Jimmy" Griffin has been named full-time deputy city clerk by the Carmel city council. For the past year and a half Griffin has been working only half days in the office.

City Clerk Peter Mawdsley explained to the council that it is necessary to have someone in the office capable of taking over the work in case of sickness or an accident befalling him.

It was also noted that as civil defense is organized much of the administrative work will have to be done in the city clerk's office. Without a full time deputy it would not be possible to do this extra work, Mawdsley said.

Councilman Francis Whitaker cast a lone "no" vote on the appointment. He stated in the discussion that he felt the appointment should be made for a three-months period. In that time the council could study the city clerk's duties (both regular and additional civil defense work) to see if a second full-time deputy is necessary.

Whitaker added that he felt that any personnel changes in any city departments should be made after a thorough study of all city operations.

TAX CUT POSSIBLE

It appears as though the

Carmel city tax rate will be down to 70 cents from last year's 80 cents. In the preliminary studies by the council, the budget can be balanced at the lower rate because of increases in the assessed value of property.

The council at present expects to include money in the budget to be used for storm drainage. Under the plan now being considered, some money would be set aside each year for many years to complete the project in stages. Each stage would be part of an over-all system.

PEBBLE BEACH**HORSE SHOW ENTRIES**

AMATEUR ART ACCENTED AT FAIR

The Monterey County Fair Art Department extends a warm welcome to all amateur painters in the County. Since some of the Sunday painters might feel unready for professional judgement, all amateur classes will be judged by a jury of local laymen.

The professional classes are to be judged by six of the outstanding painters and art instructors of California. Maurice Logan and Peter Bloss of the San Francisco Bay Area and Marques Reitzel of Pescadero will name the winners of the Conservative Art classes while Glenn Wessels, Emmy Lou Packard, and Jean Varda, of the Bay area, will judge the modern paintings.

The City and County of San Francisco will again offer the Sterling Silver Trophy for the best painting in the show but the method of selection of will be new. This last class embraces all the entries, amateur as well as professional creations. The winner will be decided by popular opinion as everyone who attends the show

will be asked to cast a vote for the picture he likes best.

Entry blanks may be obtained in local art stores and galleries; or, write the Monterey County Fair at Box 1151, Monterey, today.

VALLEY ROUNDUP SUNDAY

Once more Roundup time for the Carmel Valley Horsemen's Association is here. This Sunday is the date and it is being held at the picturesque Holman's Guest Ranch in the heart of beautiful Carmel Valley. There will be riding, roping, stock horse classes, ladies' single steer stopping, and a number of children's events. Starring as one of the many attractions will be Tootie Hudson, youngest trick and fancy roper.

Tomorrow night there will be a street dance in front of the village stores, which is being sponsored by the Valley merchants.

At 12:30 p.m. Sunday there will be a parade through the village and at 1 p.m. the Roundup will begin. This year the Roundup is expected to be the best they've ever had. The

MARINE BAND TO COME IN OCTOBER

The colorful United States Marine band, oldest military symphonic musical organization in the country, now in its 154th continuous year, will give two concerts on the Monterey Peninsula Friday, October 17, as part of its presidentially approved tour of 20 states.

Albert F. Randolph, president of the Monterey Kiwanis Club, sponsor of the concerts, stated that all proceeds will be used for underprivileged children's work.

Kiwanis club directors V.A. Ashton, Boyd Beal, Merwin Fair, Jack Hilbert, John Mahoney, John Martin, Dave Muir, Stephen Magyar and Fong Q. Jing are chairmen of the various committees.

The afternoon concert will

be at reduced prices for school children and military men in uniform, Randolph stated. Only other Northern California concerts scheduled are at Modesto and Santa Barbara.

SIX CANDIDATES FOR QUEEN OF MONTEREY FISHERMAN'S FESTIVAL

A total of six candidates so far are competing for the title of Queen of the Fisherman's Festival and of the Italian Catholic Federation 22nd Annual convention that is being held in Monterey September 6, 7, 8, and 9.

Only two of the queen candidates have sponsors, but it is hoped, as the contest continues, the other candidates will be sponsored.

The candidates and their

sponsors are as follows: Elizabeth Constanza, 147 Van Byren, age 17, sponsored by the Monterey Peninsula Optomist Club. Stella Crivello, age 17, 326 Pacific St., sponsored by the Loyal Order of the Moose, Monterey Chapter. Sarah Lillian Constanza, age 16, 296 Van Buren, unsponsored.

The new candidates are Marie Pettas, 563 Larkin St., age 16; Frances Furino, age 16, 51 Via Chular, and Anna Carania, age 18, 580 Scott St., all unsponsored.

The girl that becomes queen has a lot in store for her. First a diamond ring, donated by the Italian Catholic Federation, Monterey Chapter; many other valuable gifts, she will open the grand ball; she will ride on her own float in the parade, wearing the beautiful official fisherman's queen costume, and will participate in the boat parade. These are only a few of the many functions that the lucky girl who is chosen queen will attend.

It is still not too late to become a queen candidate, and any girl desiring to enter the competition should contact Mrs. Serafina Rappa, at Monterey 5-6628, chairman of the queen contest.

7 PERFORMANCES OF FAIR HORSE SHOW

Once again the outstanding single attraction of the annual Monterey County Fair will be California's finest horse show featuring more than 200 pure blooded animals. There will be seven performances in all, with an evening show on the Fair opening night, August 14.

Me—Advising a Banker!

The Missus and I were invited to dinner over at Balesville the other night. I sat next to a banker from the state capital.

"Mighty nice country you've got down there," he says. "Don't be surprised if I come to live there myself. In a few years I plan to get away from everybody, buy a farm and just take it easy."

"Well," I told him, "we'd like to have you. But when someone plans to buy a farm and 'take it easy' he often winds up working harder than ever. It takes work to run a farm right no matter how many

hands you can afford to hire.

"And from where I sit," I continued, "you won't 'get away' from people either. Neighbors are plenty important in a farming community—whether it's helping one another out or just friendly visiting over a sociable glass of beer." "Hard work and neighbors dropping in all the time?" he asks, looking at me over his glasses. Then he smiles and says, "Sounds wonderful. You've just sold me on a farm."

Mrs. Howard Clark, a new member of the Board of Trustees of the Carmel schools, is an attractive woman, with a good deal of charm...the impact of which has already been seen in board meetings. Tall, with silvery gray hair, and a ready smile, Mrs. Clark is the wife of Dr. Howard Clark, an eye, ear, nose and throat specialist, and the mother of two children. Her oldest child, Elton, is now a senior at Dartmouth and her daughter, Priscilla, a sophomore at Carmel High.

A graduate of the University of Minnesota, Mrs. Clark majored in political science and government, and followed up with graduate work at Bryn Mawr. Her first job was working in health education in her native Minnesota, touring various schools as a special teacher of health practices.

Statistical work followed, when she joined the staff of a tuberculosis sanatorium, compiling statistics of its past record...recoveries, relapses, and follow-up histories of discharged patients. Since the hospital had never had such records before, her work was pioneer, both for her and the hospital staff.

Married to Howard Clark, a Dartmouth graduate, Mrs. Clark settled down to motherhood, and a life that seemed almost predestined, since they lived summers on Howard Lake, and winters on Clark Lake... "I thought it was fate," Mrs. Clark laughs.

It was her brother, a Stanford student, who sent word back East of the wonders of California. The Clarks came when an opening at the Monterey Hospital presented itself, and have been happily settled in Carmel for 16 years now.

Active in many organizations, Mrs. Clark is a past president of the P.T.A., an enthusiastic member of the League of Women

en Voters, a member of the Garden Club, and the World Affairs Council.

A calm, charming woman, the only hint of the frivolous about her is an amazing array of glasses...the frames of which range through red, green and blue, and which she picks to match the dress she's wearing. "I think if you have to wear glasses, you might as well have fun doing it," she comments. This attitude of happy cooperation is typical of her, and extends into her board work, where she places first importance on the will of the community. "After all, the schools belong to the citizens," she comments. "Naturally there are things I'd like to see done, but the main thing is to be governed by what the people want," Mrs. Clark says. It is doubtful whether the town could have elected a more satisfactory representative, or one whose wisdom was better tempered with tact and smiles than Mrs. Clark's appears to be.

PEBBLE BEACH NOTES

Mr. and Mrs. Richard Osborne and their three children, Susan, Charles and Polly, flew to Auburn, New York, Tuesday to spend a month with Richard's parents, the Lithgow Osbornes.

Mr. and Mrs. Louis Soles of Santa Barbara are spending a week at Pebble Beach with Count and Countess Marc de Tristan, who are this summer occupying the 17-Mile Drive home of Mrs. Cahill Cates, Countess de Tristan's mother.

Mrs. Vera Shephard arrived in Pebble Beach last Friday for a visit. Mrs. Shephard, who for many years made her home on the Monterey Peninsula, is now living in New York with her two daughters, Patricia and Geraldine. Patricia will join her mother sometime this weekend. The pair will be widely entertained during their visit.

Among those entertaining for Mrs. Henry Forester of Boston who is visiting her sister, Mrs. Sidney W. Fish, was Mrs. Paul S. Winslow who invited a few friends for tea Thursday in her Pebble Beach home.

Mr. and Mrs. Malcolm S. McConihe, Jr. (Mary K. Burnham) of Oyster Bay, Long Is-

The Charles A. Coffin Medal is awarded annually by the Edison Electric Institute, an industry-wide organization, to that utility having the outstanding record of accomplishments and public service. The Coffin Award, most highly regarded of electric industry marks of distinction, was established 30 years ago.

P. G. and E. wins electric industry's highest honor for major achievements during 1951

A half million dollars every working day was spent by P. G. and E. during 1951 building new plants and new facilities to serve one of the fastest growing areas in the nation. Last year's construction was part of the Company's billion dollar building program which has already doubled the supply of power and gas available to customers in its area since V-J Day. Thrifty citizens—not the government—financed this largest construction program in utility history.

Cooperating with the Government, P. G. and E. has signed two long term agreements with the Bureau of Reclamation. These provide for the sale and interchange of power, and for use of P. G. and E. facilities in marketing Central Valley Project power. P. G. and E. has paid \$44 million for CVP power to date and will continue to provide the principal source of revenue for the whole Project. At the same time P. G. and E. continues to be California's largest property taxpayer.

The citation said, in part: "For its courageous undertaking and its able execution of a huge expansion program, for its cooperative and far-seeing acts which brought to all the people of the area and to the taxpayers of the nation the greatest economic advantage in putting to use the electricity generated as a by-product of a major irrigation and flood control project, and for the inestimable value which these great achievements have had in the preservation of the American system of free enterprise and in furthering the progress of the electric industry, the Pacific Gas and Electric Company is hereby declared the winner of the Charles A. Coffin Award for 1951."

GOP WOMEN HOST HAWAII DELEGATE

Mrs. Karl W. Hisgen, president of the Republican Women Monterey Area, announces that in honor of Mrs. Bina Mossman, delegate from Hawaii to the recent Republican Convention, a tea will be given on Friday, August 1, at 2 p.m. in the Women's Civic Club building, Pacific Grove.

Mrs. Mossman, a personal friend of Mrs. Hisgen's, will stop over on the Peninsula en route to her home in Hawaii. Mrs. Mossman was one of the eight regular delegates chosen from Hawaii. This was the fourth convention which Mrs. Mossman has attended as a regularly elected delegate.

In Hawaii, among her numerous civic and political activities, Mrs. Mossman has served for three terms as a member of the Hawaiian legislature. As a woman who keeps abreast of current trends here and abroad, Mrs. Mossman is nationally known and rated as an outstanding speaker.

While on the Peninsula, Mrs. Mossman will visit in the home of her sister, Mrs. William Healy of the County Club.

The public is cordially invited to hear Mrs. Mossman, the only regular delegate returning here from the convention.

No reservations for the tea will be necessary.

This is—to coin a phrase—a “shopper's market.”

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as “the low-priced three.”

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—

and the thrill that goes with it.

They're getting “big-car” comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks find that each one is the buy in its field.

When we tell you that business is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

FESTIVAL PERFORMERS ARE ENTERTAINED

Top: COMPARING EXPERIENCES as pinch-hitters at Noel Sullivan's party last Friday are pianists Ruth Slenczynski and Robert Vetlesen. Miss Slenczynski performed the solo works originally scheduled for Julian Karolyi whose illness prevented his appearance in the Bach Festival last Friday, and Mr. Vetlesen took over Mr. Karolyi's part in the Concerto for Three Pianos on Saturday.

Lower photo shows Host Noel Sullivan singing for his guests, accompanied by Ralph Linsley, a Bach Festival veteran performer.

NOEL SULLIVAN, well-known patron of the arts, was host to the Bach Festival performers at his Hollow Hills Ranch last Friday. Top to bottom: (1) Broadway has its sometimes vitriolic and often dyspeptic Critics' Circle; here you see the Bach Festival has given birth to its own ring of reviewers, gathered around Maestro Gastone Usigli (seated at left, wearing sunglasses). Neither vitriolic nor dyspeptic, but congenial and gentle, they are (clockwise, left to right) Alexander Fried of the San Francisco Examiner, Mme. Usigli (qualified as a wife to be a critic), Rose Miele of a Monterey Peninsula magazine,

Arthur Bloomfield Jr. of the San Francisco Call-Bulletin, Marjorie Fisher of the San Francisco News, and Robert Hagan of the San Francisco Chronicle.

(2) Left to right: Dr. W. B. Williams of Carmel, ex-mayor Herbert Hixon of the Village, and Mrs. Williams, seen with Patrice Kelly and Floyd Stancliff, flutists.

(3) Host Noel Sullivan chatting with Mrs. Gastone Usigli and Mr. Usigli.

(4) Malcolm Millard, president of the Carmel Playhouse board of directors and a festival chorus singer, is spoon-fed some ice cream by Marcia

Kuster, daughter of Ted Kuster, manager of the soon to reopen Golden Bough Playhouse.

and both afternoon and evening performances throughout the following three days.

Alan G. Pattee of Salinas is Chairman of the Horse Show Executive Committee while the popular Ira Sharrah of Fresno has been engaged as Horse Show manager.

There will be more emphasis on Childrens' Classes this year and the matinee performance will be highlighted by the younger set.

A score of Western stables are expected to swell the en-

try lists prior to the closing day for entries, August 2.

An added attraction at this year's show will be the appearance of several of the Pacific Coast's famed draft teams with their huge show horses.

Fine hunters, harness, jumpers, gaited and stock horses, as well as polo ponies will be in competition. Once again the general admission price of fifty cents will prevail.

The Amateur Gardener

GARDENING FOR HEALTH AND HAPPINESS

By CHARLES V. DELANEY

Our column last week gave a general outline on soil and its composition and the properties, action and usage of fertilizers. Every garden has its own soil problems, depending upon the geological formation and previous gardening methods. In the Carmel area, near the Ocean, sand is the chief component. On the higher areas we find clay subsoils and adobe.

ADOBE:

Adobe is a clay soil, being very rich in nutrients because the soil, together with plant materials, has been washed down to lower levels. The clay granules are very small as compared to sand. They pack closely together when wet and, when the sun and wind arrive, the water is drawn out or evaporated, leaving a hard compact mass. Roots have great difficulty growing outward for food and water.

Adobe should never be spaded while very wet. If a handful crumbles easily, then it can be worked. Adding peat and compost is advisable but, working in sand only makes material for bricks.

The new soil conditioners are very valuable for adobe. They will make it soft and friable so that water is absorbed and held. There are a number of trade names for these preparations, Ortho-til, Fluf-fium, Trillium, etc. Some are sold in liquid form and others in powder.

The soil must be thoroughly cultivated before using the conditioner and it must be remembered that they do not claim any fertilizing properties. They only loosen the soil so that water is absorbed and held and so that the soil is more easily worked. It is best to follow directions on the package. Some advise 1/2 inch deep, others 6 inches deep and we would be inclined to favor the

deeper application.

Unfortunately the cost is quite high but, after production increases it may become less expensive. The advertising claims seem a bit extravagant. Time will prove the value of the compounds and how long it will keep the soil friable.

Adobe is wonderful soil for roses, trees and shrubs and, if worked properly, a beautiful garden is always possible. If it is spaded when moist and not wet, it is very easy to work.

After the plants are set out, gentle working of the surface will retain the moisture for a long time. Seedlings are very very difficult to start in adobe because of the tendency to dry out. It is best to plant seed in loose, sandy garden loam and when they are of sufficient size plant in the flower beds with peat or compost.

Your nurseryman will advise you about the soil conditioners.
